This refers to the Orbit Exports Limited Annual Report 2018-2019 filed with the stock exchanges on September 07, 2019 and September 08, 2019 respectively. Kindly note that inadvertently we omitted to place “Conservation of Energy” in the Annual Report and on page 175 under Compensation to key management personnel, there was typing error in total of “Amount of transaction in FY 2018-19” and be read as Rs.552.06 Lakhs instead of Rs.506.06 Lakhs. The updated Annual Report is enclosed herewith.

We request you to kindly take the enclosed Annual Report on record. We also request all our shareholders and readers of the Annual Report to take note of the enclosed “Conservation of Energy” while referring the Annual Report.

We regret the inconvenience caused.

**36<sup>th</sup> Annual Report 2018-19**

## Chairman's Speech

Dear Shareholders,

It gives me immense pleasure to present the 36th Annual Report of the Company.

We continue to strengthen our creativity for the ever evolving consumer demands, rapidly changing fashion trends. The Report presents a concise and cogent analysis of our performance during the reporting year.

The Revenue from operations of the Company on a Standalone basis for the year 2018-19 stood at ₹ 13,338.51 lakhs as against ₹ 13,023.04 lakhs in the previous year, reflecting stability of operations in an otherwise uncertain market. Profit before tax stood at ₹ 3,043.05 lakhs in 2018-19 as compared to ₹ 3,505.76 lakhs in the previous year. Net profit after tax stood at ₹ 2,311.82 lakhs for the current year as compared to ₹ 2,490.88 lakhs in the previous year.

Your Company has further invested in product development in the textile industry with the hope to cater to more customers in the international as well as domestic markets. The company has also invested further in the Finished Products division, making an expansion in this area. During the Year the Fixed Assets of the Company increased by ₹ 2,039.80 Lakhs.

Your Company approved the proposal of buyback of Equity Shares of the Company in its meeting held on March 18, 2019 at the Maximum buyback price of ₹ 130/- per equity share and the Maximum buyback size of ₹ 10,00,00,000/- (Rupees Ten Crores only). The maximum indicative number of Equity shares that can be bought back is 7,69,230 Equity Shares comprising approximately 2.72% of the paid-up equity share capital of the Company.

The buyback was offered to all eligible equity shareholders of the Company (other than the Promoters, the Promoter Group and Persons in Control of the Company) under the open market route through the stock exchange. The Company will fund the buyback from its free reserves, current surplus and/ or cash and cash equivalents and/or internal accruals and / or liquid resources and / or such other permissible sources of funds of the Company. The buyback of equity shares through the stock exchange commenced on March 29, 2019 and is expected to be completed by September, 2019. During the year ended March 31, 2019, Nil equity shares were purchased from the stock exchange and therefore not extinguished any shares as of March 31, 2019.

The volatility and uncertainty of market conditions have taught us that in such dynamic scenarios we should keep a close watch on the business. The company is exploring newer avenues to continue to enhance shareholder value.

Growth, we believe, needs to be viewed through a long-term perspective. Our consistent focus needs to be on growing profitability, with a strong emphasis on cash flow. We will continue to take relevant steps to safeguard the Company's stable financial position with healthy cash reserves on the books.

For your Company the year ahead looks good as the Indian Textile Industry is buoyed by both strong domestic consumption as well as export demand. With consumerism, disposable income is on rise and with the entry of several international players into the India markets, the retail sector has experienced a rapid growth. All this, coupled with the Government continuing with the incentives schemes like Technology Up-gradation Fund Scheme (TUFS) and export promotion policies for the Textile Industries, the outlook looks enterprising for the Industry.

I would like to extend my gratitude to all my fellow board members, shareholders, customers, vendors, bankers, suppliers and employees of the Company for their unstinted support. I take this opportunity to thank everyone who has contributed to deliver the performance in fiscal '2019 and thank them for their belief.

Regards,

**Pankaj Seth**

#### **Item No. 6**

The resolution passed by the Members of the Company through Postal Ballot on September 16, 2014, the Members of the Company had appointed Mr. Saumil Ushakant Marfatia (DIN: 02774221) ) as an Independent Director of the Company, to hold office up to September 09, 2019 ("first term").

The Nomination and Remuneration Committee (the 'NRC Committee') of the Board of Directors, on the basis of the report of performance evaluation, has recommended re-appointment of Mr. Saumil Ushakant Marfatia as an Independent Director, for a second term of 2 (two) consecutive years, on the Board of the Company.

The Board, based on the performance evaluation and as per the recommendation of the NRC Committee, considers that, given his background and experience and contributions made by him during his tenure, the continued association of Mr. Saumil Ushakant Marfatia would be beneficial to the Company and it is desirable to continue to avail his services as an Independent Director. Accordingly, it is proposed to re-appoint Mr. Saumil Ushakant Marfatia as an Independent Director of the Company, not liable to retire by rotation, for a second term of 2 (two) consecutive years on the Board of the Company.

Mr. Saumil Ushakant Marfatia is not disqualified from being appointed as a director in terms of Section 164 of the Companies Act, 2013 ("the Act"), and has given his consent to act as a director.

The Company has also received declaration from Mr. Saumil Ushakant Marfatia that he meets the criteria of independence as prescribed both under Section 149(6) of the Act and under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

In the opinion of the Board, Mr. Saumil Ushakant Marfatia fulfils the conditions for appointment as an Independent Director as specified in the Act and the Listing Regulations. Mr. Saumil Ushakant Marfatia is independent of the management.

Details of Mr. Saumil Ushakant Marfatia are provided in the "Annexure" to the Notice, pursuant to the provisions of (i) Listing Regulations and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India. He shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose as may be decided by the Board, reimbursement of expenses for participating in the Board and other meetings.

Copy of draft letter of appointment of Mr. Saumil Ushakant Marfatia setting out the terms and conditions of appointment is available for inspection by the Members at the registered office of the Company.

Mr. Saumil Ushakant Marfatia is interested in the resolution set out at Item No. 6 of the Notice with regard to his re-appointment. Relatives of Mr. Saumil Ushakant Marfatia may be deemed to be interested in the resolution to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

This statement may also be regarded as an appropriate disclosure under the Act and the Listing Regulations.

The Board commends the Special Resolution set out at Item No. 6 of the Notice for approval by the Members.

The following discussion and analysis should be read in conjunction with the Company's financial statements included herein and the notes thereto.

### **Global Economy:**

During the year 2018, Global Economy grew by 3.6% signaling its resilience even on the backdrop of weakening global financial market sentiment, trade policy uncertainty, and concerns about China's outlook. Emerging economies stayed resilient during the period, with India leading the growth. In the second half of the year, trade wars between economies, particularly USA and China, stunted the growth momentum and the above rate of development gradually declined. Global leaders have expressed concerns of this leading to an economic crisis and have thus urged high level settlements and cooperation between the battling economies.

In 2018, economic activity in advanced economies grew at 2.3%, lower from 2017. In contrast, activity in the Euro Area has been somewhat weaker at 1.8% in 2018 as compared to 2.4% last year.

In Emerging and developing economies it's important to note that India's economy expanded at 7.1% in 2018 vis-à-vis 6.7% in 2017, whereas China's growth deteriorated from 6.9% in 2017 to 6.6% in 2018.

### **Indian Economy:**

The Indian Economy continued to perform well and is the fastest growing major economy in the World. According to the IMF, India is a bright spot in the global ecosystem and India's growth is looking very profitable in the coming years.

Today, India is the world's seventh largest economy in real terms, backed by strong demand, positive consumption pattern and rising disposable income. This remarkable growth was achieved even at the backdrop of the several challenges faced by Indian Economy. However, Moody's Investors Service has cut India's gross domestic product (GDP) growth rate to 6.2 per cent for calendar year 2019 against its earlier projection of 6.8 percent. The rating agency scaled down India's economic growth to 6.7 per cent for 2020, a cut of another 0.6 percentage points. There are discernible signs of slowdown in various sectors such as automobile, real estate, telecom, and banking and finance apart from agriculture, which is spooking even normally stable sectors like FMCG.

The year also witnessed Foreign Direct Investments worth ~USD 33.5 billion flowing to India.

### **Indian Textile Industry:**

India's textiles sector is one of the oldest industries in Indian economy dating back several centuries. Even today, textiles sector is one of the largest contributors to India's exports with approximately 13 per cent of total exports. The textiles industry is also labour intensive and is one of the largest employers. The textile industry has two broad segments. First, the unorganised sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organised sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale.

The textile industry employs about 45 million people directly and 20 million indirectly. India's overall textile exports is expected to increase to US\$ 82.00 billion by 2021 from US\$ 31.65 billion in FY19. The Indian textiles industry, currently estimated at around US\$ 150 billion, is expected to reach US\$ 250 billion by 2019. The Directorate General of Foreign Trade (DGFT) has also revised rates for incentives under the Merchandise Exports from India Scheme (MEIS) for two subsectors of Textiles Industry - Readymade garments and Made ups - from 2 per cent to 4 per cent.

The Government of India announced a Special Package to boost exports by US\$ 31 billion, create one crore job opportunity and attract investments worth ₹ 80,000 crore (US\$ 11.93 billion) during 2018-2020.

During the year under review, the Indian Textile Industry has witnessed subdued growth in domestic as well as export market. The International demand was largely muted on account of the trade war and its uncertainty whereas the domestic demand did not pick up as expected as the Industry was getting in terms with the GST regime. The textile industry is one of the largest contributors to the economy accounting for ~4% of the GDP. The textiles and apparel industry constitutes ~14% of the total exports of the country. India's share in world trade in textile and clothing during this year is estimated to be 4.95 percent. With these exports, India is ranked second amongst the suppliers in the world after China and fourth largest producer and exporter of apparel after China, Bangladesh and Vietnam. However, its exports are 1/7th of the level of exports from China.

Barring unforeseen circumstances the company is confident of achieving better results in the current year.

**Opportunities and threats:**

China's rising manufacturing cost and shifting of focus from exports to its own growing domestic consumption will offer an opportunity for the Indian textiles sector to grab the market share of China in the developed world, especially the European countries and the United States, which cumulatively comprise around 60% of the global export market. Retaliatory tariffs between China and USA is bound to have a ripple effect on other nations' economies.

With this move, the USA's domestic market will become costlier and at the same time Chinese Garment factories will lose business. But the competition will rise in other markets. However, this is a good opportunity for India to cater to the US market. The conclusion of the much-awaited Indo-EU FTA will open up new opportunities for exports. However, its delay is certainly restricting export of textiles to the EU, as competing nations like Pakistan and Bangladesh enjoy the duty benefit of 6% to 8% as against Indian Products. The increase in export benefits announced in March, 2019 in Made-ups will give relief to exporters in times to come. The World, including the advanced countries, are becoming increasingly inward-looking and resorting to protectionist measures, thereby, putting multilateral system of trading at risk. This could pose a serious

challenge in the export markets. The duty free import of fabrics from China into Bangladesh and in return the Garments are being imported duty free into India from Bangladesh is hitting hard the Indian Textile Industry.

**Risks and Concerns:**

Due to the cash crunch and weak demand in the Indian and Export markets, it is difficult to pass on the cost to end customers. Hence, the margins are under pressure. Further, globally consumer shifting preference from cotton fibre to manmade fibre, which are available at lower prices, is also putting pressure on prices.

**Internal Control Systems and their Adequacy:**

For ensuring methodical and efficient conduct of its business, the Board has adopted policies and procedures. Thus, it ensures on the one hand, safeguarding of assets and resources of the Company, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, timely preparation of financial disclosures and on the other hand, encourages the improvement of the operational performance of the Company.

The Company has an adequate internal control system commensurate with the size and complexity of the organization. The Company has undertaken a comprehensive review of all internal control systems to take care of the needs of the expanding size of the Company. A system of internal audit to meet the statutory requirement as well as to ensure proper implementation of management and accounting controls is in place. The Audit Committee periodically reviews the adequacy of the internal audit functions. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of persons.

**Human Resources/Industrial Relations:**

The Company treats its human resources as its important asset and believes in its contribution to the all round growth of the Company. The Company's HR philosophy is to establish and build a high performing organization, where each individual is motivated to perform to the fullest capacity to contribute to developing and achieving individual excellence and departmental objectives and continuously improve performance to realize the full potential of our personnel.

**Research and Development:**

Global markets being soft, we need to focus on providing better service to existing buyers with a view to growing business with them.

Further, innovating new products, using different yarns, and different processing techniques has become very important.

Lastly we are trying to expand our global reach with venturing into new markets.

This three pronged strategy will help your Company for its sales.

**Cautionary Statement:**

All Statements made in this Report may be "forward looking statements" within the meaning of applicable securities laws and regulations. These statements are based on certain assumptions and expectations of the future events that are subject to risks and uncertainties. Actual future results and trend may differ materially from historical results, depending on variety of factors like changes in economic conditions affecting demand/ supply, price conditions in which the Company operates, Government regulations, tax laws and other statutes and incidental factors.

## INDEPENDENT AUDITOR'S REPORT

### To the members of Orbit Exports Limited Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of **Orbit Exports Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019 and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the standalone financial statement in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules framed thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statement.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters:

#### Information Other than the Standalone Financial Statements and Our Report thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in Annual Report, but does not include the standalone financial statements and our report thereon. The entire Annual Report is expected to be made available to us after the date of this report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to Those Charged With Governance and take appropriate actions in accordance with Standards on Auditing.

### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS and relevant provisions of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatement in the standalone financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statement

may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effects of any identified misstatements in the standalone financial statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c) The Balance Sheet, the Statement of Profit and Loss (Including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
  - d) In our opinion, the aforesaid the standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;
  - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of section 164(2) of the Act;
  - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements;
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and
  - h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

**Annexure A - referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date, to the members of the Company on the standalone financial statements for the year ended March 31, 2019**

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of its property, plant and equipment;
- (b) The Company has a regular programme of physical verification of property, plant and equipment by which all property, plant and equipment of the Company are being verified in a phased manner over a period of three year, which in our opinion, is reasonable having regard to the size of the Company and nature of its business. Pursuant to the program, a portion of property, plant and equipment has been physically verified by the management during the year and no material discrepancies were noticed on verification conducted during the year as compared with the book records; and
- (c) According to the information and explanation given to us and on the basis of our examination of records of the Company, the title deeds of immovable properties classified as property, plant and equipment are held in the name of the Company.
- (ii) (a) The inventory (excluding stocks with third parties) has been physically verified by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency of verification is reasonable; and
- (b) The discrepancies noticed on physical verification of inventory as compared to book records were not material and have been appropriately dealt with in the books of accounts.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3(iii)(a) to (c) of the Order regarding terms and conditions of such loans and repayment of such loans etc. are not applicable to the Company.
- (iv) The Company has not granted any loans or provided any guarantees or security to the parties covered under section 185 of the Act. The Company has complied with the provisions of section 186 of the Act in respect of investments made or loans or guarantee or security provided to the parties covered under that section.
- (v) The Company has complied with the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Act, and the rules framed there under, to the extent applicable. We are informed by the Management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard.
- (vi) The Central Government has prescribed maintenance of cost records under section 148(1) of the Act, for the products manufactured by the Company. We have broadly reviewed the books of account maintained and are of the opinion, prima facie, that the prescribed accounts and records have been made and maintained by the Company. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (vii) (a) The Company has generally been regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, goods and services tax, cess and other applicable statutory dues with the appropriate authorities. No undisputed statutory dues payable were in arrears as at March 31, 2019, for a period of more than six months from the date they became payable.
- (b) According to the information and explanation given to us, there are no outstanding disputed dues payable by the Company in case of income tax, sales tax, service tax, duty of customs, duty of excise or value added tax or cess as on March 31, 2019.
- (viii) The Company has not defaulted in repayment of dues to any financial institutions, banks, government or debenture holders.
- (ix) The Company has raised term loans during the year which have been applied for the purpose for which they were raised.

- (x) To the best of our knowledge and belief and according to the information and explanations given to us, we report that no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- (xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with requisite approvals mandated by the provisions of the section 197, read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanation given to us , the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related party are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) Based on our audit procedures performed for the purpose of reporting the true and fair view of standalone financial statements and according to information and explanations given by the management, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- (xv) Based on our audit procedures performed for the purpose of reporting the true and fair view of the standalone financial statements, the Company has not entered into non-cash transactions with directors. We have been informed that no such transaction have been entered into with person connected with directors. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- (xvi) The Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934.

**Annexure B - referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our Independent Auditor's report of even date, to the members of Orbit Exports Limited on the Standalone Financial Statements for the year ended March 31, 2019**

**Report on the Internal Financial Controls under section 143(3)(i) of the Act**

We have audited the internal financial controls with reference to standalone financial statements of **Orbit Exports Limited** ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued

by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

### **Meaning of Internal Financial Controls with reference to Financial Statements**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

### **Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2019 based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note.

## Notes to Standalone Financial Statements for the year ended March 31, 2019

### Background

Orbit Exports Limited, a Public Limited Company incorporated under Companies Act 1956, principally operates in two business segments: Manufacturing of Textile and Windmill Power Generation. The equity shares of the Company are listed on Bombay Stock Exchange and National Stock Exchange of India Limited.

### Authorisation of standalone financial statements

The standalone financial statements were authorized for issue in accordance with a resolution of the directors on May 13, 2019.

### 1. Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the presentation of these standalone financial statements.

#### 1.1 Basis of Preparation

##### (i) Compliance with Ind AS

The standalone financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act"), and relevant rules issued there under and the relevant provisions of the Act. In accordance with provision to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

##### (ii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following :

- a) certain financial assets and liabilities (including derivative instruments) are measured at fair value; and
- b) defined benefit plans - plan assets measured at fair value.

#### 1.2 Rounding of Amounts

All amounts disclosed in the standalone financial statement and notes have been rounded off to the nearest Lakhs, except where otherwise indicated.

#### 1.3 Current versus Non-Current classification

The Company presents its assets and liabilities in the Balance Sheet based on current / non-current classification.

An asset is classified as current if it is :

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) the cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if it is:

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its normal operating cycle.

## Notes to Standalone Financial Statements for the year ended March 31, 2019

### 1.4 Use of Judgements, Estimates and Assumptions

While preparing standalone financial statements in conformity with Ind AS, the management makes certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements are as below:

#### Key assumptions:

##### (i) Financial Instruments: (Refer note 4.10)

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. Details of the assumptions used are given in the notes regarding financial assets and liabilities. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

##### (ii) Useful lives of Property, Plant and Equipment and Intangible assets: (Refer notes 1.6, 1.7 and 1.8)

The company reviews the useful life of Property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

##### (iii) Valuation of inventories: (Refer note 1.10)

The Company estimates the net realisable value (NRV) of its inventories by taking into account estimated selling price, estimated cost of completion, estimated costs necessary to make the sale, obsolescence considering the past trend. Inventories are written down to NRV where such NRV is lower than their cost.

##### (iv) Assets and obligations relating to employee benefits: (Refer note 4.08)

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These interalia include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

##### (v) Recognition and measurement of other Provisions:

The recognition and measurement of other provisions is based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the closing date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

### 1.5 Revenue Recognition

#### a) Revenue From Contracts With Customers

The Company derives revenues primarily from sale of products and services. Revenue from sale of goods is recognised net of returns and discounts.

Effective April 01, 2018 the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as at April 01, 2018. In accordance with the cumulative catch-up transition method, the comparatives are not required to adjust retrospectively. The effect on adoption of Ind AS 115 was insignificant.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expect to receive in exchange for those products or services.

## Notes to Standalone Financial Statements for the year ended March 31, 2019

To recognise revenues, the Company applies the following five step approach :

1. Identify the contract with a customer;
2. Identify the performance obligations in the contract;
3. Determine the transaction price;
4. Allocate the transaction price to the performance obligations in the contract; and
5. Recognise revenues when a performance obligation is satisfied.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

The Company presents revenues net of indirect taxes in its statement of profit and loss.

Performance obligation may be satisfied over time or at a point in time. Performance obligations satisfied over time if any one of the following criteria is met. In such cases, revenue is recognised over time :

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

- b) Export incentives are accounted on accrual basis and include the estimated value of export incentives receivable under the Duty Draw Back Scheme and other applicable schemes.
- c) Dividend Income is recognised when the Company's right to receive is established which generally occurs when the shareholders approve the dividend.
- d) Revenue from services is recognised when all relevant activities are completed and the right to receive income is established.
- e) Revenue in respect of insurance/other claims, commission, interest for delayed payment etc. is recognised only when it is reasonably certain that the ultimate collection will be made.
- f) For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate method (EIR).

### 1.6 Property, Plant and Equipment

- a) Property, Plant and Equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, non-refundable purchase taxes and any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and, for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.
- b) The cost of an item of Property, Plant and Equipment is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the Property, Plant and Equipment have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.
- c) An item of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net realisable value and the carrying amount of the asset) is included in the Statement of Profit and Loss.
- d) The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- e) Lease arrangements for land are identified as finance lease, in case such arrangements result in transfer of the

**Notes to Standalone Financial Statements for the year ended March 31, 2019**

related risks and rewards to the Company. Accordingly, the Company identifies any land lease arrangement with a term in excess of 50 years as a finance lease.

**1.7 Intangible Assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in the Statement of Profit and Loss in the period in which the expenditure is incurred. Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

**1.8 Depreciation and Amortisation**

Depreciation on Property, Plant and Equipment is provided on straight line method. In accordance with requirements prescribed under Schedule II to the Companies Act, 2013, the Company has assessed the estimated useful lives of its Property, Plant and Equipment and has adopted the useful lives and residual value as prescribed therein except following cases which are based on internal technical assessment:

Particulars	Useful Life of Assets
Leasehold Land	Remaining period of Lease
Software	5 Years
Windmill	25 Years
Plant & Machinery	14 Years

**1.9 Impairment of Financial Assets**

Carrying amount of Tangible assets and Intangible assets, investments in Subsidiaries and Associates (which are carried at cost) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or company's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**1.10 Inventories**

Raw materials, stores and spares are valued at lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost in case of Raw material and Packing material, Stores and Spare and Traded Goods include purchase cost net of refundable taxes and other overheads incurred in bringing such items of inventory to its present location and condition.

Cost of raw materials, components and stores and spares which do not meet the recognition criteria under Property, Plant and Equipment is determined on a weighted average basis.

Finished goods and work-in-progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Provision is made for the cost of obsolescence and other anticipated losses, wherever considered necessary.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. The factors that the Company considers in determining the allowance for slow moving, obsolete and other non-saleable inventory in determining net realisable value include ageing of inventory, price changes and such other related factors.

## Notes to Standalone Financial Statements for the year ended March 31, 2019

### 1.11 Cash and Cash Equivalents

Cash and Cash Equivalents in the Balance Sheet comprises of cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash, short-term deposits as defined above, bank overdrafts and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value as they are considered as an integral part of the Company's management.

### 1.12 Government Grant

Government grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised in statement of profit and loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

The above criteria is also used for recognition of incentives under various scheme notified by the Government. When the grant relates to an asset, it is recognised as deferred income and amortised over the useful life of such assets.

### 1.13 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

#### Initial Recognition and Measurement- Financial Assets and Financial Liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

#### Classification and Subsequent Measurement : Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through Other Comprehensive Income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following :

- the entity's business model for managing the financial assets and
- the contractual characteristics of financial asset

#### Amortised Cost

A financial asset is classified and measured at amortised cost if both of the following conditions are met :

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### FVTOCI

A financial asset is classified and measured at FVTOCI if both of the following conditions are met :

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### FVTPL

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

## Notes to Standalone Financial Statements for the year ended March 31, 2019

### Impairment of Financial Assets

The Company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

### (Classification and Subsequent Measurement: Financial Liabilities)

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments

### Financial Liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

### Other Financial Liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

### Derecognition of Financial Asset and Financial Liabilities

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

### Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

## 1.14 Financial Liabilities and Equity Instruments

### Classification as Debt or Equity :

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

### Equity Instruments :

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

## 1.15 Investments in Subsidiary and Associate

A Subsidiary is an entity that is controlled by another entity. An investor controls an investee if and only if the investor has the following:

- (i) Power over the investee,
- (ii) Exposure, or rights, to variable returns from its involvement with the investee and

## Notes to Standalone Financial Statements for the year ended March 31, 2019

(iii) The ability to use its power over the investee to affect the amount of the investor's returns.

An Associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. The Company's investments in its Subsidiary and Associate are accounted at cost.

### 1.16 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### 1.17 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

#### Contingent Liabilities are disclosed in the case of :

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation from past events, unless the probability of outflow of resources is remote.

Contingent Assets is disclosed when inflow of economic benefits is probable.

### 1.18 Gratuity and other Post-Employment Benefits

#### a) Short-Term Obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of Profit and Loss of the year in which the related services are rendered.

#### b) Post-Employment Obligations

The Company operates the following post-employment schemes :

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund.

#### Gratuity Obligations

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in Other Comprehensive Income. They are included in retained earnings in the statement of changes in equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

## Notes to Standalone Financial Statements for the year ended March 31, 2019

### c) Other Long Term Employee Benefit Obligations

The Leave Encashment are presented as short term provision in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

### d) Bonus Plan

The company recognises a liability for expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

## 1.19 Taxes on Income

### (i) Current Tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

### (ii) Deferred Tax

Deferred tax is provided using the Balance Sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in Other Comprehensive Income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at Balance Sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

### (iii) MAT Credit:

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is reasonable certainty that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The MAT credit to the extent there is reasonable certainty that the Company will utilise the credit is recognised in the Statement of Profit and Loss and corresponding debit is done to the Deferred Tax Asset as unused tax credit.

## 1.20 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

## Notes to Standalone Financial Statements for the year ended March 31, 2019

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 1.21 Foreign currency translation

#### a) Functional and presentation currency

The Company's financial statements are prepared in INR, which is also the Company's functional and presentation currency.

#### b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss.

In case of advance payment for purchase of assets/goods/services and advance receipt against sales of products/services, all such purchase/sales transaction are recorded at the rate at which such advances are paid/received.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains / (losses).

#### Non-Monetary items :

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

### 1.22 Dividend Distribution

The Company recognises a liability to make cash or non-cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Companies Act, 2013, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

### 1.23 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

#### As a lessee

##### Finance Lease

Leases of Property, Plant and Equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

##### Operating Lease

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### As a Lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

**Notes to Standalone Financial Statements for the year ended March 31, 2019**

The Board of Directors, as its meeting held on March 18, 2019 approved the buyback of the Company's fully paid-up equity shares of the face value of ₹ 10 each from its shareholders/beneficial owners excluding promoters, promoter group and persons acting in concert, via the "open market" route through the stock exchanges, for a total amount not exceeding ₹ 1,000 Lakhs ("Maximum Buyback Size"), and at a price not exceeding ₹ 130 per Equity Share ("Maximum Buyback Price").

The indicative maximum number of Equity Shares that can be bought back at the above maximum price would be 7,69,230. If the Equity Shares are bought back at a price below the Maximum Buyback Price of ₹ 130, the actual number of equity shares bought back could exceed the above indicative Maximum Buyback quantity but will always be subject to the Maximum Buyback Size.

The Buyback shall be from the open market purchases through the stock exchanges, by the order matching mechanism except 'all or none' order matching system, as provided under the Buyback Regulations.

The Company has deposited the required amount in a separate bank account and the same is funded from its free reserves, current surplus and/ or cash and cash equivalents and/or internal accruals and / or liquid resources and / or such other permissible sources of funds of the Company.

The buyback of equity shares through the stock exchanges commenced on March 29, 2019 and is expected to be completed by September 28, 2019 or reaching the Maximum Buyback Size or at such earlier date as may be determined by the Board/ Buy-back Committee, subject to the Company having deployed an amount equivalent to the minimum Buy-back size, whichever is earlier.

During the period from March 29, 2019 to March 31, 2019, Nil equity shares were purchased from the stock exchange and therefore not extinguished any shares as of March 31, 2019.

In the previous year, the Company bought back 4,44,444 equity shares for an aggregate amount of ₹ 799.99 Lakhs being 6.70% of the fully paid-up equity share capital and free reserves at ₹ 180/- per equity share. The equity shares bought back were extinguished on March 8, 2018.

**b. Rights, preference and restrictions attached to equity shares:**

**Equity Shares**

The Company has issued only one class of equity shares having par value of ₹ 10/- per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees.

The dividend proposed is as recommended by the Board of Directors and subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company, the holders of the equity shares will be entitled to receive the realised value of the assets of the Company, remaining after payment of all preferential dues. The distribution will be in proportion to the number of equity shares held by the shareholders.

**Notes to Standalone Financial Statements for the year ended March 31, 2019**

**2. Defined Benefits Plans**

The Company sponsors unfunded defined benefit plans for qualifying employee therefore there are no plan assets which are maintained exclusively thereof. In computation of gratuity liability, Project Unit Credit Method is used.

These plans typically expose the Company to Actuarial risks such as : investment risk, longevity risk and salary risk. No other post-retirement benefit are provided to the employees.

Investment Risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Longevity Risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

**4.10 Financial Instruments****(i) Methods and assumptions used to estimate the fair values**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other bank balances, deposits, loans to employees, trade payables, payables for acquisition of non-current assets, demand loans from banks and cash and cash equivalents are considered to be the same as their fair values.

**Notes to Standalone Financial Statements for the year ended March 31, 2019**

- b) The fair values for long term loans, long term security deposits given and remaining non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.
- c) The fair values of long term security deposits taken, non-current borrowings and remaining non current financial liabilities are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- d) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

**(ii) Categories of financial instruments**

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

**4.13 Employee Stock Option Plan**

The shareholders of the Company have approved Employee Stock Option Plan i.e. OEL Employees Stock Option Plan - 2013 ("The Plan") on July 3, 2013. The Plan provides for issue of options (underlying equity share of ₹10/- each) to the persons specified in the scheme. The plan was framed in accordance with the SEBI (Employee Stock Option Scheme & Employee Stock Purchase Scheme) Guidelines, 1999 as amended from time to time.

The plan provide for the issuance of options at the recommendation of the Nomination & Remuneration Committee at 90% of the market price i.e. price on the working day immediately preceding the date when options are granted, the price being the closing price of the share on Bombay Stock Exchange Limited and National Stock Exchange of India Limited with the highest trading volume as of the working day preceding the date of grant.

The options granted under the Plan shall vest within not less than two years and not more than four years from the date of grant of options. Once the options vest as per the Plan, they would be exercisable by the Option Grantee at any time within a period of one and a half year from the date of vesting and the shares received on exercise of such options shall not be subject to any lock-in period.

**4.14 Recent accounting pronouncements**

On March 30, 2019, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 116 Leases which replaces the existing Ind AS 17 Leases. The new standard will come into force from April 01, 2019.

The core principle of the new standard lies in identifying whether the contract is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The new standard modifies the accounting of leases in the books of lessee. At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability, for all leases with a term of more than 12 months, unless the underlying asset is of a low value. The accounting for leases in the books of the lessor is substantially similar to the requirements of Ind AS 17.

The standard allows for two methods of transition: the full retrospective approach, requires entities to retrospectively apply the new standard to each prior reporting period presented and the entities need to adjust equity at the beginning of the earliest comparative period presented, or the modified retrospective approach, under which the date of initial application of the new

leases standard, lessees recognise the cumulative effect of initial application as an adjustment to the opening balance of equity as of annual periods beginning on or after April 01, 2019.

The Company will adopt this standard using modified retrospective method effective April 01, 2019, and accordingly, the comparative for year ended March 31, 2019, will not be retrospectively adjusted. The effect on adoption of Ind AS 116 is expected to be insignificant.

**4.15** According to the information available with the management, on the basis of intimation received from its suppliers regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006, the Company has amounts due to micro and small enterprises under the said Act as at March 31, 2019 as follows :

## INDEPENDENT AUDITOR'S REPORT

To,  
**The Members of Orbit Exports Limited**  
**Report on the Consolidated Financial Statements**

### Opinion

We have audited the accompanying consolidated financial statements of **Orbit Exports Limited** ("the Holding Company"), and its subsidiaries (the Holding Company and its subsidiaries together referred to as the Group) and its associate, comprising of the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the considerations of reports of other auditors of subsidiaries and of the associate, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at March 31, 2019 and their consolidated profit (including other comprehensive income), their consolidated statement of changes in equity and their consolidated cash flows for the year ended on that date.

### Basis of Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules framed thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters:

Sr.No	Key Audit Matters (KAMs)	How our audit addressed the Key Audit Matters
1	<p><b>Implementation of new accounting standard on revenue recognition</b></p> <p>Refer note 1.6(a) of the Statement of Significant Accounting Policies.</p> <p>The accuracy of recognition, measurement, presentation and disclosure of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue. Additionally, Ind AS 115 contains disclosures which involves collation of information in respect of various matters such as disaggregation revenue.</p>	<ul style="list-style-type: none"> <li>We had discussion with the Management about its process to assess implementation issues relating to adoption of Ind AS 115.</li> <li>Our audit approach consisted testing of the effectiveness of the internal controls relating to such process including substantive testing, which included review of terms and conditions of selected sample of existing contracts and new contracts.</li> <li>We inter alia tested the operating effectiveness of the internal control relating to identification of the distinct performance obligations, determination of transaction price, criteria relating to transfer of control over the promised goods and measurement and recording of revenue.</li> <li>We also evaluated appropriateness of the disclosures required under Ind AS 115 and verified the process of compilation and accuracy of such disclosures.</li> <li>We performed cut-off testing for samples of revenue transactions recorded before and after the financial year end date by comparing with relevant underlying documentation, which included goods dispatch notes and shipping documents, to assess whether the revenue was recognized in the correct period.</li> </ul>

### **Information Other than the Consolidated Financial Statements and Our Report thereon**

The Holding Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including Ind AS and relevant provisions of the Act. The respective Board of Directors of the companies included in the Group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable and using the going concern basis of accounting unless the management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and its associate are responsible for overseeing the financials reporting process of the Group and its associate.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of the misstatement in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effects of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

We did not audit (a) financial statements of one foreign subsidiary, whose financial statements reflect total assets of ₹ 1294.24 lakhs as at March 31, 2019, total revenue of ₹ 1260.09 and net cash outflows amounting to ₹ nil for the year ended on that date, as considered in the preparation of the consolidated financial statements; (b) financial statements of one associate of the Group included in consolidated financial results whose financial statements reflects total profit after tax (Group's share) of ₹ 230.10 lakhs for the year ended March 31, 2019. These financial statements and other financial information have been audited by other auditor whose reports has been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of section 143(10) of the Act, in so far as it relates to the aforesaid associate, is based solely on the reports of the other auditor.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

#### **Report on Other Legal and Regulatory Requirements:**

  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
  - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements so far as it appears from our examination of those books and the report of the other auditor;

- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account, workings and records maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act read with relevant rules issued thereunder and relevant provisions of the Act;
- (e) On the basis of written representations received from the directors of the Holding Company as on March 31, 2019 and taken on record by the Board of Directors of the Holding Company, none of the directors of the Company are disqualified as on March 31, 2019 from being appointed as a director in terms of section 164 (2) of the Act. These provisions are not applicable to its subsidiaries and associate as these are not incorporated in India;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". These provisions are not applicable to its subsidiaries and associate as these entities are not incorporated in India;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and These provisions are not applicable to its subsidiaries and associate as these entities are not incorporated in India; and

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors of subsidiaries and associate, as noted in the Other Matters paragraph:
  - (i) The Group and associate does not have any pending litigations which may have adverse impact on its financial position;
  - (ii) The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts; and
  - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. These provisions are not applicable to its subsidiaries and associate as these entities are not incorporated in India.

**Annexure A referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our Independent Auditor's report of even date, to the members of Orbit Exports Limited ("the Holding Company") on the consolidated financial statements for the year ended 31st March, 2019**

**Report on the Internal Financial Controls under section 143(3)(i) of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Holding Company as of and for the year ended March 31, 2019, we have audited the internal financial controls with reference to financial statements of Orbit Exports Limited (hereinafter referred to as 'the Holding Company'). Since the subsidiaries and associate of the Company are not incorporated in India, this reporting requirements under section 143(3)(i) of the Act are not applicable to these entities and accordingly, this report is only in respect of the Holding Company.

**Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding company is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Holding Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These

responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on Holding Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial control system with reference to financial statements.

#### **Meaning of Internal Financial Controls with reference to Consolidated Financial Statements**

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements**

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Holding Company which is company incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to consolidated financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### 1. Significant Accounting Policies

The consolidated financial statements comprise financial statements of Orbit Exports Limited (the "Company") and its subsidiaries (collectively the "Group") for the year ended March 31, 2019. The Company is a public limited company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognised stock exchanges in India.

The Group principally operates in two business segments: Manufacturing of Textile and Windmill Power Generation. Information on other related party relationships of the Group is provided in Note 4.06.

Authorisation of consolidated financial statements: The consolidated financial statements were authorised for issue in accordance with a resolution of the board of directors dated May 13, 2019.

#### 1.1 Basis of Preparation

##### (i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act"), and relevant rules issued there under and the relevant provisions of the Act. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these consolidated financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

##### (ii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following :

- a) certain financial assets and liabilities (including derivative instruments) are measured at fair value; and
- b) defined benefit plans - plan assets measured at fair value.

#### 1.2 Rounding of amounts

All amounts disclosed in the consolidated financial statement and notes have been rounded off to the nearest Lakhs, except where otherwise indicated.

#### 1.3 Current versus non-current classification

The group presents its assets and liabilities in the consolidated Balance Sheet based on current / non-current classification.

An asset is treated as current if it is :

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) the cash or cash equivalent unless restricted from being exchanged or used to settle a liability for atleast twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if it is:

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current on net basis.

The operating cycle is the time between the acquisition of assets for processing and theirrealisation in cash and cash equivalents. The Group has identified twelve months as its normal operating cycle.

#### 1.4 Use of Judgements, Estimates and Assumptions

While preparing consolidated financial statements in conformity with Ind AS, the management makes certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as below :

### Key assumptions:

#### (i) Financial instruments: (Refer note 4.09)

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. Details of the assumptions used are given in the notes regarding financial assets and liabilities. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

#### (ii) Useful lives of Property, Plant and Equipment and Intangible assets: (Refer notes 1.7, 1.8 and 1.9)

The company reviews the useful life of Property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

#### (iii) Valuation of inventories: (Refer note 1.11)

The Company estimates the net realisable value (NRV) of its inventories by taking into account estimated selling price, estimated cost of completion, estimated costs necessary to make the sale, obsolescence considering the past trend. Inventories are written down to NRV where such NRV is lower than their cost.

#### (iv) Assets and obligations relating to employee benefits: (Refer note 4.08)

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These interalia include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### (v) Recognition and measurement of other Provisions:

The recognition and measurement of other provisions is based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the closing date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

### Critical Accounting Judgements

The Company has equity stake in various entities for strategic reasons concerning its operation. The relationship with these entities have been determined based on principles laid down in Ind AS 110 – Consolidated Financial Statements.

## 1.5 Principles of Consolidation and Equity Accounting

### (i) Subsidiaries

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intergroup transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Consolidated Balance Sheet respectively. Statement of Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

### (ii) Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see (iii) below), after initially being recognised at cost.

### (iii) Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 1.10 below.

## 1.6 Revenue Recognition

### a) Revenue From Contracts With Customers

The Group derives revenues primarily from sale of products and services. Revenue from sale of goods is recognised net of returns and discounts.

Effective April 01, 2018 the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as at April 01, 2018. In accordance with the cumulative catch-up transition method, the comparatives are not required to adjust retrospectively. The effect on adoption of Ind AS 115 was insignificant.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expect to receive in exchange for those products or services.

To recognise revenues, the Group applies the following five step approach :

1. Identify the contract with a customer;
2. Identify the performance obligations in the contract;
3. Determine the transaction price;
4. Allocate the transaction price to the performance obligations in the contract; and
5. Recognise revenues when a performance obligation is satisfied.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

The Group presents revenues net of indirect taxes in its statement of profit and loss.

Performance obligation may be satisfied over time or at a point in time. Performance obligations satisfied over time if any one of the following criteria is met. In such cases, revenue is recognised over time :

## **Notes to Consolidated Financial Statements for the year ended March 31, 2019**

1. The customer simultaneously receives and consumes the benefits provided by the Group's performance; or
2. The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

- b) Export incentives are accounted on accrual basis and include the estimated value of export incentives receivable under the Duty Draw Back Scheme and other applicable schemes.
- c) Dividend Income is recognised when the Group's right to receive is established which is generally occur when the shareholders approve the dividend.
- d) Revenue from services is recognised when all relevant activities are completed and the right to receive in come is established.
- e) Revenue in respect of insurance/ other claims, commission, interest for delayed payment etc. is recognised only when it is reasonably certain that the ultimate collection will be made.
- f) For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR).

### **1.7 Property, Plant and Equipment**

- a) Property, Plant and Equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, non-refundable purchase taxes and any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and, for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.
- b) The cost of an item of Property, Plant and Equipment is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Group in future periods and the cost of the item can be measured reliably. Expenditure incurred after the Property, Plant and Equipment have been put into operations, such as repairs and maintenance expenses are charged to the Consolidated Statement of Profit and Loss during the period in which they are incurred.
- c) An item of Property, Plant and Equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment, is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.
- d) The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- e) Lease arrangements for land are identified as finance lease, in case such arrangements result in transfer of the related risks and rewards to the Group. Accordingly, the Group identifies any land lease arrangement with a term in excess of 50 years as a finance lease.

### **1.8 Intangible Assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in the Consolidated Statement of Profit and Loss in the period in which the expenditure is incurred. Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Consolidated Statement of Profit and Loss.

### **1.9 Depreciation and Amortisation**

Depreciation on Property, Plant and Equipment is provided on straight line method. In accordance with requirements prescribed under Schedule II to the Companies Act, 2013, the Group has assessed the estimated useful lives of its

**Notes to Consolidated Financial Statements for the year ended March 31, 2019**

Property, Plant and Equipment and has adopted the useful lives and residual value as prescribed therein except following cases which are based on internal technical assessment :

Particulars	Useful Life of Assets
Leasehold Land	Remaining period of Lease
Software	5 Years
Windmill	25 Years
Plant & Machinery	14 Years

**1.10 Impairment of financial assets**

Carrying amount of Tangible assets and Intangible assets (which are carried at cost) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Group's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**1.11 Inventories**

Raw materials, stores and spares are valued at lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost in case of Raw material and Packing material, Stores and Spare and Traded Goods include purchase cost net of refundable taxes and other overheads incurred in bringing such items of inventory to its present location and condition. Cost of raw materials, components and stores and spares which do not meet the recognition criteria under Property, Plant and Equipment is determined on a weighted average basis.

Cost of raw materials, components and stores and spares which do not meet the recognition criteria under Property, Plant and Equipment is determined on a weighted average basis.

Finished goods and work-in-progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Provision is made for the cost of obsolescence and other anticipated losses, wherever considered necessary.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. The factors that the Company considers in determining the allowance for slow moving, obsolete and other non-saleable inventory in determining net realisable value include ageing of inventory, price changes and such other related factors.

**1.12 Cash and Cash Equivalents**

Cash and Cash Equivalents in the consolidated Balance Sheet comprises of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

For the purpose of consolidated statement of cash flows, cash and cash equivalents consist of cash, short-term deposits as defined above, bank overdrafts and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value as they are considered as an integral part of the Group's management.

**1.13 Government Grant**

Government grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised in statement of profit and loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

The above criteria is also used for recognition of incentives under various scheme notified by the Government. When the grant relates to an asset, it is recognised as deferred income and amortised over the useful life of such assets.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### 1.14 Financial Instruments

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments.

#### **Initial Recognition and Measurement- Financial Assets and Financial Liabilities**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Consolidated Statement of Profit and Loss.

#### **Classification and Subsequent Measurement : Financial Assets**

The Group classifies financial assets as subsequently measured at amortised cost, fair value through Other Comprehensive Income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following :

- the entity's business model for managing the financial assets and
- the contractual characteristics of financial asset

#### **Amortised Cost**

- A financial asset is classified and measured at amortised cost if both of the following conditions are met :
- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **FVTOCI**

- A financial asset is classified and measured at FVTOCI if both of the following conditions are met :
- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **FVTPL**

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### **Impairment of Financial Assets**

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### **Classification and Subsequent measurement : Financial Liabilities**

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

#### **Financial Liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the Consolidated Statement of Profit and Loss.

#### **Other Financial Liabilities**

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

### Derecognition of Financial Asset and Financial Liabilities

The Group de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised. A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

### Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Consolidated Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counter party.

## 1.15 Financial Liabilities and Equity Instruments

### Classification as Debt or Equity :

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

### Equity Instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group are recognised at the proceeds received.

## 1.16 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

## 1.17 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

### Contingent liabilities are disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no realisable estimate is possible;
- A possible obligation from past events, unless the probability of outflow of resources is remote.

Contingent Assets is disclosed when inflow of economic benefits is probable.

## 1.18 Gratuity and other Post-Employment Benefits

### a) Short-Term Obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the Consolidated Statement of Profit and Loss of the year in which the related services are rendered.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### b) Post-Employment Obligations

The Group operates the following post-employment schemes :

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund.

### Gratuity Obligations

The liability or asset recognised in the Consolidated Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in Other Comprehensive Income. They are included in retained earnings in the Consolidated statement of changes in equity and in the Consolidated Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Consolidated Statement Profit and Loss as past service cost.

### c) Other Long Term Employee Benefit Obligations

The Leave Encashment are presented as short term provision in the consolidated Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

### d) Bonus Plan

The Group recognises a liability for expense for bonuses. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

## 1.19 Taxes on Income

### (i) Current Tax

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments/appeals.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the Consolidated Statement of Profit and Loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

### (ii) Deferred Tax

Deferred tax is provided using the Balance Sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the assets are realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Consolidated Statement of Profit and Loss is recognised outside the Consolidated Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in Other Comprehensive Income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at Consolidated Balance Sheet date has been arrived at after setting off deferred tax assets and liabilities where the Group have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

### (iii) MAT Credit:

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is reasonable certainty that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The MAT credit to the extent there is reasonable certainty that the Company will utilise the credit is recognised in the Statement of Profit and Loss and corresponding debit is done to the Deferred Tax Asset as unused tax credit.

## 1.20 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

## 1.21 Foreign Currency Translation

### (i) Functional and Presentation Currency

The Group's Consolidated financial statements are prepared in INR, which is also the Group's functional and presentation currency.

### (ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Consolidated Statement of Profit and Loss.

In case of advance payment for purchase of assets/goods/services and advance receipt against sales of products/services, all such purchase/sales transaction are recorded at the rate at which such advances are paid/received.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Consolidated Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Consolidated Statement of Profit and Loss on a net basis within other gains / (losses).

### Non-monetary items

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

## 1.22 Dividend Distribution

The Group recognises a liability to make cash or non-cash distributions to equity holders of the Group when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the Companies Act, 2013, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

## **Notes to Consolidated Financial Statements for the year ended March 31, 2019**

### **1.23 Leases**

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

#### **As a lessee**

##### **Finance Lease**

Leases of Property, Plant and Equipment where the Group, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the Consolidated Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

##### **Operating Lease**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### **As a Lessor**

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the consolidated balance sheet based on their nature.

**Notes to Consolidated Financial Statements for the year ended March 31, 2019**

The Board of Directors of Orbit Expots Limited ("The Holding Company"), as its meeting held on March 18, 2019 approved the buyback of the Holding Company's fully paid-up equity shares of the face value of ₹10 each from its shareholders / beneficial owners excluding promoters, promoter group and persons acting in concert, via the "Open Market" route through the stock exchanges, for a total amount not exceeding ₹ 1,000 Lakhs ("Maximum Buyback Size"), and at a price not exceeding ₹ 130 per Equity Share ("Maximum Buyback Price").

The indicative maximum number of Equity Shares that can be bought back at the above maximum price would be 7,69,230. If the Equity Shares are bought back at a price below the Maximum Buyback Price of ₹ 130, the actual number of equity shares bought back could exceed the above indicative Maximum Buyback quantity but will always be subject to the Maximum Buyback Size.

The Buyback shall be from the open market purchases through the stock exchanges, by the order matching mechanism except 'all or none' order matching system, as provided under the Buyback Regulations.

The Group has deposited the required amount in a separate bank account and the same is funded from its free reserves, current surplus and/ or cash and cash equivalents and/or internal accruals and / or liquid resources and / or such other permissible sources of funds of the Holding Company.

The buyback of equity shares through the stock exchanges commenced on March 29, 2019 and is expected to be completed by September 28, 2019 or reaching the Maximum Buyback Size or at such earlier date as may be determined by the Board/ Buy-back Committee, subject to the Holding Company having deployed an amount equivalent to the minimum Buy-back size, whichever is earlier.

During the period from March 29, 2019 to March 31, 2019, Nil equity shares were purchased from the stock exchange and therefore not extinguished any shares as of March 31, 2019.

In the previous year, the Holding Company bought back 4,44,444 equity shares for an aggregate amount of ₹ 799.99 Lakhs being 6.70% of the fully paid-up equity share capital and free reserves at ₹ 180/- per equity share. The equity shares bought back were extinguished on March 8, 2018.

**b. Rights, preference and restrictions attached to equity shares:**

**Equity Shares**

The Group has issued only one class of equity shares having par value of ₹ 10/- per share. Each holder of equity shares is entitled to one vote per share. The Group declares and pays dividend in Indian rupees.

The dividend proposed is as recommended by the Board of Directors and subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Holding Company, the holders of the equity shares will be entitled to receive the realised value of the assets of the Company, remaining after payment of all preferential dues. The distribution will be in proportion to the number of equity shares held by the shareholders.

**2. Defined Benefits Plans**

The Company sponsors unfunded defined benefit plans for qualifying employee therefore there are no plan assets which are maintained exclusively thereof. In computation of gratuity liability, Project Unit Credit Method is used.

These plans typically expose the Company to Actuarial risks such as : investment risk, longevity risk and salary risk. No other post-retirement benefit are provided to the employees.

**Investment Risk** The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

**Longevity Risk** The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

**Salary Risk** The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

**4.08 Capital Management**

The Group's objectives when managing capital are to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to maximise shareholder value. In order to maintain or achieve a capital structure that maximises the shareholder value, the Group allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans. As at March 31, 2019, the Group has only one class of equity shares and has no debts. Hence, there are no externally imposed capital requirements.

Dividends	₹ in Lakhs	
	2018-19	2017-18
Dividend on equity shares paid during the year		
Final dividend for the year ended March 31, 2019 of Nil (March 31, 2018 - ₹ 0.60) per equity share of ₹ 10/- each	-	172.21
Dividend distribution tax on the above dividends	-	35.06

The Group's capital requirement is mainly to fund its business expansion and repayment of borrowings. The principal source of funding of the Group has been, and is expected to continue to be, cash generated from its operations supplemented by funding from bank borrowings.

The Group has adhered to material externally imposed conditions relating to capital requirements and there has not been any delay or default during the period covered under these financial statements with respect to payment of principal and interest. No lender has raised any matter that may lead to breach of covenants stipulated in the underlying documents.

The Group monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents.

**4.09 Financial Instruments**

**(i) Methods and assumptions used to estimate the fair values**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other bank balances, deposits, loans to employees, trade payables, payables for acquisition of non-current assets, demand loans from banks and cash and cash equivalents are considered to be the same as their fair values.
- The fair values for long term loans, long term security deposits given and remaining non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.
- The fair values of long term security deposits taken, non-current borrowings and remaining non current financial liabilities are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

**(ii) Categories of financial instruments**

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data

**4.10 Financial Risk Management**

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Managing Board. The details of different types of risk and management policy to address these risks are listed below:

The Group's activities are exposed to various risks viz. Credit risk, Liquidity risk and Market risk. In order to minimise any adverse effects on the financial performance of the Group, it uses various instruments and follows policies set up by the Board of Directors / Management.

**a. Credit Risk :**

Credit risk arises from the possibility that counter party will cause financial loss to the Group by failing to discharge its obligation as agreed.

Credit risks from balances with banks are managed in accordance with the Group policy. For derivative and financial instruments, the Group attempts to limit the credit risk by only dealing with reputable banks having high credit-ratings assigned by credit-rating agencies.

Based on the industry practices and business environment in which the Group operates, management considers that the trade receivables are in default if the payment are more than 2 years past due.

Trade receivables primarily consists of Outstanding against exports sales and sales to certain domestic customers with no significant concentration of credit risk. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables.

**b. Liquidity Risk**

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Group's approach for managing liquidity is to ensure that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to Group's reputation. In addition, processes and policies related to such risks are overseen by the senior management. The Management monitors the Group's net liquidity position through rolling forecasts on the basis of expected cash flows.

**Financing arrangements**

The Group has sufficient sanctioned line of credit from its bankers / financiers; commensurate to its business requirements. The Group reviews its line of credit available with bankers and lenders from time to time to ensure that at all point of time there is sufficient availability of line of credit to handle peak business cycle.

**Notes to Consolidated Financial Statements for the year ended March 31, 2019**

The Group pays special attention to the net operating working capital invested in the business. In this regard, as in previous years, considerable work has been performed to control and reduce collection periods for trade and other receivables, as well as to optimise accounts payable with the support of banking arrangements to mobilise funds and minimise inventories.

**c. Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk, and interest rate risk.

**(i) Market Risk – Foreign Exchange**

Foreign currency risk is that risk in which the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group operates internationally and a portion of its business is transacted in several currencies and therefore the Group is exposed to foreign exchange risk through its overseas sales and purchases in various foreign currencies. The Group hedges the receivables as well as payables by forming view after discussion with Forex Consultant and as per policies set by Management.

The Group does not enter into or trade financial instrument including derivative for speculative purpose. The carrying amount of the Group's foreign currency denominated monetary assets and liabilities as at the end of the reporting period is as follows:

**4.12 Employee Stock Option Plan**

The shareholders of the Group have approved Employee Stock Option Plan i.e. OEL Employees Stock Option Plan - 2013 ("The Plan") on July 3, 2013. The Plan provides for issue of options (underlying equity share of ₹10/- each) to the persons specified in the scheme. The plan was framed in accordance with the SEBI (Employee Stock Option Scheme & Employee Stock Purchase Scheme) Guidelines, 1999 as amended from time to time.

The plan provide for the issuance of options at the recommendation of the Nomination & Remuneration Committee at 90% of the market price i.e. price on the working day immediately preceding the date when options are granted, the price being the closing price of the share on BSE Limited and National Stock Exchange of India Limited with the highest trading volume as of the working day preceding the date of grant.

The options granted under the Plan shall vest within not less than two years and not more than four years from the date of grant of options. Once the options vest as per the Plan, they would be exercisable by the Option Grantee at any time within a period of one and a half year from the date of vesting and the shares received on exercise of such options shall not be subject to any lock-in period.

**4.13 Recent accounting pronouncements**

On March 30, 2019, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 116 Leases which replaces the existing Ind AS 17 Leases. The new standard will come into force from April 01, 2019.

The core principle of the new standard lies in identifying whether the contract is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The new standard modifies the accounting of leases in the books of lessee. At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability, for all leases with a term of more than 12 months, unless the underlying asset is of a low value. The accounting for leases in the books of the lessor is substantially similar to the requirements of Ind AS 17.

The standard allows for two methods of transition: the full retrospective approach, requires entities to retrospectively apply the new standard to each prior reporting period presented and the entities need to adjust equity at the beginning of the earliest comparative period presented, or the modified retrospective approach, under which the date of initial application of the newleases standard, lessees recognise the cumulative effect of initial application as an adjustment to the opening balance of equity as of annual periods beginning on or after April 01, 2019.

The Group will adopt this standard using modified retrospective method effective April 01, 2019, and accordingly, the comparative for year ended March 31, 2019, will not be retrospectively adjusted. The effect on adoption of Ind AS 116 is expected to be insignificant.
